Vision

To become the premier providers of Information and Communication Technology Solutions in Oman.

Mission

To provide professional and high quality IT security services along with superior customer service.

WHY INSIGHT

**SERVICE LEVEL**

Through 11 years of business experience in Oman, Insight has developed local service channels for all its products and services to ensure that our customers choose the right package for their unique business requirements.

Our flexible service plans assure prompt attention and constant reliable presence backed by contractual commitment as dictated by our customers' needs. Customers with special needs can obtain a tailored SLA that ensures higher availability and faster response time.

**PERFORMANCE**

Our time-tested methodology and service process are highly valued by our customers and have always been under constant scrutiny to maintain the same level of customer satisfaction.

Members of our technical team are well trained and certified for their respective responsibilities.

Our affiliation with international IT security leaders exposes us to pioneering and innovative technologies and expands our business scope.

**QUALITY**

Insight is ISO-9001 certified; a badge of pride that is a constant reminder of the importance of maintaining higher standards of quality.

To ensure similar standards in our field of specialization, we attained ISO-27000 - a testimony to the dedication of our team.

Partnering with the likes of Microsoft, Cisco, VMware and other global leaders has given us greater exposure to future technology trends and the IT industry standard practices.

RECOGNITION

Insight has received recognition awards from a plethora of clients over the years. We are honored list some of them.

AWARDS

Among several other awards, Insight received the 2012 "Al Roya Economic Award" for the best SME in Oman.

RECOGNIZED

STANDARDS

Through the years, Insight attained ISO 9001 certification, ISO 27000 and several certifications of excellence from partners & affiliates.

PARTNERS

To bring a range of skills and expertise to our business, we have formed strong relationships with IT market leaders.

CERTIFIED

VERTICALS

Our customers inspire us to look for creative and innovative solutions that will complement our dedication.
